

SALVATION ARMY TO USE FLAG DAY FOR HOME SERVICE

Will Ask School Children for
Nickels and Dimes to
Aid Its Nurseries.

June 14 is Flag Day and the school children of Greater New York will contribute their nickels and dimes to the Salvation Army Home Service Drive. The money collected from the kiddies on this day will go toward maintaining the nurseries, orphanages and children's hospitals of the Salvation Army.

To make the appeal convincing to the school teachers, several District Superintendents made a detailed survey of many of the army's activities yesterday under the guidance of Brig. Gen. E. S. Gerberich and Miss B. O'Reilly of the Executive Committee of the army.

The Salvation Army Settlement Day Nursery and Kindergarten at No. 96 Cherry Street was the first stop. Mothers who are compelled to work can take their children there for the day with the assurance that their tots will be fed and cared for until their labor is done. Most of the chil-

dren are from six months to three years old. They have their toys and beds to sleep in and see-saws, rocking horses and slides on the roof in good weather. Capt. Florence Dean, with a staff of thirteen, keeps the kiddies happy.

The next stop was the Brooklyn Nursery and Infants' Home at No. 396 Herkimer Street. Babies from birth to six years are found here. Orphans and foundlings—bright but malnourished kiddies—are made comfortable in clean rooms by patient nurses.

The Raymond Street Industrial

Home was a point of interest to the school Superintendents. Here second-hand clothing and furniture is reclaimed by efficient Salvation Army workers and sold to poor families for about one-fourth of the usual cost. Mrs. Abbie Golden has been in charge there for twelve years.

The District Superintendents who made the trip were Mrs. Joseph S. Taylor, Cecil A. Kidd, Edward W. Stitt and Ellen A. G. Phillips. They will carry back to the teachers and they in turn to their pupils, the necessity of the children's contributions

A new Sports Cape for the smart woman

This really IS a smart cape. When one sees the price—\$13.75—it seems a bit incredible that a smart cape may be had at so small a price, until one sees the cape—with an undoubted quality of mode and material.

These capes are loosely knit, soft wool, made long and straight of line, and equipped with a large collar of brushed wool. In soft and vivid color combinations; in solid color and stripes.

Silk Petticoats delightfully dainty

Quite frivolous affairs with ripping flounces bedecked with delicate laces and knots of dainty ribbon.

And several simple little models—with decidedly tailored lines, boasting no other adornment than deep hemstitched hems.

These petticoats may be had in pink or white satin, Georgette crepe or crepe metover. Prices \$5.95 to \$15.

VERY CORRECT

Sports Skirts of silk—for women

You will notice that at every country club or seaside the sports costume that holds your attention and gives you a distinct impression of excellent grooming, is very apt to consist of a smart silk sports skirt and sweater or sports coat.

We have used the word "novelty" for sports silks for several seasons, but at no time have they really been as new and charming as they are just now.

For tennis

there is the cool pleated skirt of white crepe de chine that always looks well and allows plenty of freedom of movement.

For golf

are the heavier crinkled sports silks that are so attractive and so varied this season.

At \$13.75

is a collection of really beautiful skirts—plain and pleated—in a variety of sports silk, in plain colors and stripes and barred squares—such lovely combinations as rose barred with gray, orange and white stripes, gray and black, blue and white, mauve and white and many others.

Crepe de chine skirts in white and colors are also \$13.75.

Baronet satin, \$9.75

Lovely colors.

Individual skirts

\$15.75 to \$22 and upward. Of exquisite materials beautifully made.

Corsets \$8 and \$10

Less than Half
their regular prices

Comment on the high quality and beautiful lines of these widely favored corsets is unnecessary. A number of the season's smartest models in a variety of lovely materials is included in the disposal.

Not every size in every model—but every size in the collection.

Summer Furniture

De-luxe in quality and charm and
within the reach of every purse

"Heaven tries Earth, if she
be in tune," sang the poet of the
lovely month of June.

June brings this same test to the home, with the warmth, beauty and brilliance of her bright days, demanding that it be in tune, like herself, for summer with cool and delightful summer furniture.

Natural Color suites

There are suites and separate pieces in natural color in reed, willow and grass, some of them delightfully upholstered in bright chintzes.

Stained and enameled suites

Then there are the suites that are stained or enameled.

A handsome five-piece suite for the sun-parlor is of lettuce green, antiqued enameled reed, upholstered in chintz of purple colored roses on a cream ground; \$204.

Another five-piece suite, distinctly for the living-room, is very refined; of a soft putty color; cushioned in a smart widely-striped linen of tan and lilac tones; \$563.50.

Matched suites

may be had as low as \$68 for three pieces, and as high as \$1595 for an eleven-piece suite—gorgeous, made from our own design, peacock tail feathers in gold, green and purple on a black ground. It is handsomely cushioned in purple taffeta silk.

But within the \$200 to \$500 limits beautiful and satisfactory three and five-piece suites may be had that will harmonize with almost any interior.

Separate pieces

There is no end of attractive

separate pieces—chaises-longues, arm chairs, wing-back chairs, rockers, tables, mostly in natural color, a few decorated. And all at very reasonable prices—prices that would not have been thought of a few months ago.

Chinese grass furniture

There is Chinese grass furniture of that soft, sea-gray tone and fine, springy weave, which commends it so highly to the lover of summer comfort.

And nearly all our pieces of this furniture have been reduced more than once this season.

New comforts

Summer furniture has developed new and attractive features in the last few seasons. Much of it is now made as solid and substantial as furniture of walnut or mahogany, so that its durability is beyond doubt.

Many chairs, settees and chaises-longues are set with springs under their upholstered or removable cushions.

Reed and willow day-beds, of which new and delightful models are being shown, are as well built, as any four-poster, one, for example, with hair-top box spring and down-filled mattress, bolster and pillow.

Choose your colors

Last, but not least—while you now buy summer furniture in suites, for the most part 3, 5, 10 and 11 pieces—you may choose not only the color in which you wish to have it enameled or stained, but you may select from a wide range of chintzes, cretonnes, velours, linens, and even silks for its cushions and upholstery.

DOWN-STAIRS STORE

"Tom Wye" Bathing Suits \$12 Grades—\$5.50

Most stores would call this a "sensational" sale. At the very beginning of the season, when good stores everywhere are offering the well-known "TOM WYE" swimming suits for women at \$12 and \$12.50, we offer the same identical suits at \$5.50.

Most women—have seen or heard of "TOM WYE" swimming

suits. They know that the models are so cleverly designed and the color combinations so unusual, that "TOM WYE" suits have a nation-wide reputation for desirability.

Another point—

The worsted jersey is a very fine quality—vastly different from the flimsy weave that is used so often in ordinary swimming suits.
